Informed consent is a human right. Profiteers want you to dismiss anti-vax evidence without judging it for yourself.

- Vaccine makers are immune from liability
- Vaccines are fastest growing/profitable part of pharma, whose lobbyists out-spend oil and gas 2:1

The purpose of a vaccine is to <u>alter function of the immune</u> <u>system</u>, and there is an epidemic of diseases in children from a dysfunctional immune system (allergies, auto-immunity.)
